Life's Knocks & Scrapes
Shouldn't Tarnish Your Performance

Woodlook is a new concept in seating designed to withstand the most punishing environments without compromising design.

Woodlook furniture is built from sturdy aluminum whilst maintaining an authentic wood appearance.

The unique Woodlook process offers unparalleled durability yet is lightweight, scratch resistant, water resistant, competitively priced and can be customized to meet bespoke designs.

Woodlook is the ideal product for restaurants, foodservice, hotels, casinos, cruise ships, healthcare, education and all high traffic situations.

WOODLOOK

Life's Knocks & Scrapes Shouldn't Tarnish Your Performance

Our Strengths

Woodlook demonstrates some of the most enviable qualities found in our range of contemporary chairs.

Its strength lies within the lightweight yet sturdy aluminum frame which means that transporting chairs isn't so much of a chore. At the same time we meet all the certified strength requirements you would expect from a premium Woodlook product.

Our highly durable and scratch resistant chairs are abrasion tested to over 1000 cycles which is why we say "Life's Knocks & Scrapes Shouldn't Tarnish Your Performance".

Our aluminum frames carry a 15 year guarantee to give you peace of mind and we present a range of wood finishes to suit every environment.

Meets ANSI/BIFMA X5.1 strength test

Water resistant & suitable for outdoor use*

Scratch resistant Woodlook finish, abrasion tested to over 1000 cycles

Aluminum is an environmentally friendly metal. Recycling the material saves approximately 95% of the energy required for primary production.

The metal can be continuously recycled, resulting in significant cost savings in production.*
